

Half Term Holiday Activities January 26 - February 4, 2010

Pera Museum between 26 January - 4 February organized educational activities for children during their half term holiday sessions. The activities consisted of sculpting toys and clay modeling designed for a range of different age groups.

Toy Sculptures Workshop

Children created the toy of their dreams in this workshop, using various different materials such as newspapers, wire, tape, coloured clay.

Clay Workshop

Upon visiting the Kütahya Tiles and Ceramics Collection exhibition, the Clay Workshop will commence with hands-on experience by learning the basic foundations of ceramics, clay where children will begin creating their own ceramic objects based upon everyday objects.
