

## Portrait Photography 30 November 2013-18 January 2014

Pera Education, in collaboration with Ateliers Galata, and in conjunction with the Yıldız Moran: Timeless Photographs exhibition, organized a Portrait Photography workshop for the ages 15 and up group. The workshop ran between 30 November 2013 – 18 January 2014. After a tour of the exhibition, participants had the opportunity to learn the practical techniques of portrait photography under the guidance of photographer and instructor, Volkan Dođar.

The workshop allowed participants to create an original portrait using a variety of shooting techniques. Through hands-on training, they could learn about the proper use of light, model work, and other technical issues.
